

## Permission for Erecting a Greenhouse or Polytunnel on an RGS Allotment Plot

- At least 60% of the tenant's total holding (if more than one plot is rented) must be retained as **open growing space** at all times. Fruit cages are considered open growing space.
- Any structure must be stable and secure, maintained in good repair. It must open onto the plot holder's own plot, must not cast undue shade on neighbouring plots, and must not be located or constructed in such a way as to inconvenience a neighbour.
- No structures may be constructed within 450mm (18") of the perimeter fence.
- The maximum height for any structure is 2.3m (7'5")
- If a structure is erected after July 2015 that contravenes these processes, the tenant will be instructed to remove it, or the RGS will charge the tenant for the cost of removing it.

**Sketch the plot** in relation **surrounding plots and paths**. Mark the **agreed position of the greenhouse or polytunnel**. Indicate **the door** and its **opening**.

Sketch in **shed** and any **other covered** growing space giving **dimensions including any area not available for cultivation**.

<b>PLOT NUMBER .....</b>	<b>Plot size: .....</b>

I, the tenant of this plot have read and understood the Rules stated above and will install my greenhouse/ polytunnel accordingly and as agreed with the Site Secretary or Chair of RGS.
