

## **Annual General Meeting - November 2022**

### **Shows report**

The centenary summer show was held in June at Site 2. We were in danger of losing our gazebos in the high winds the previous evening, but the weather was kind to us on the day.

As usual there was a splendid display of roses and other flowers, vegetables and fruits. We had a couple of novices entering for the first time which is always good to see.

Our president Fleur Anderson attended and cut the '100' cakes lovingly made by Helen, Ali and Vivien. The cakes went down very well with the celebration bucks fizz.

Thanks to David for running the popular auction at the end of the afternoon and to all the other volunteers who ensured that the show was a success.

The autumn show was cancelled as a mark of respect when Queen Elizabeth II died just 2 days beforehand. I would like to thank Mariangela, Jackie and Helen for stepping in to organise the show that didn't happen after I was unexpectedly indisposed in hospital during the summer.
