AGM 2025

Waiting List Report

There are currently approx. 370 people on the Primary Waiting List, almost exactly the same as the 2 previous years. 80 people have been added to the list in the last 12 months and the person at the top of the list has been waiting since Spring 2021 and is likely to be offered a plot soon. This doesn't mean that 80 plots have changed hands; some people defer and transfer their names to the Secondary List and others have moved out of Wandsworth or do not reply to our emails and messages.

The Secondary List is where we keep a record (name only) of an applicant who has reached the top of the Primary List but is not ready to take on a plot. We keep those names on the Secondary List for 10 years and it is up to them to contact us once they are ready to take on a plot and we will move them back to a position near the top of the Primary List. There are currently 148 people on the Secondary List.

Jackie Savage

Waiting List Secretary 2024-25
